<b>Section I. County and Grant Information</b>	
a. County: Clackamas	b. Funding Cycle: Spring 2009
	c. Fund Request \$35,000
<b>Section II. Project – Additional Information as Requested</b>	<b>Official Use Tech Group Assessment</b>
<b><i>1. Is there a specific area defined for this project?</i></b>	<input type="checkbox"/> Yes <input type="checkbox"/> No
Our grant request specifies we will be working 100% remapping tax lots designated as rural. Since we rely on our Survey Office to provide control, we need to re-map where they collect control. Thus, we can't specifically identify townships/ranges/sections. As control is provided to us, we work in those areas.	
<b><i>2. Does it include a county boundary?</i></b>	<input type="checkbox"/> Yes <input type="checkbox"/> No
This particular request does not include a county boundary. We have agreements in place for the majority of our surrounding counties defining a common boundary, so that work has been accomplished in previous ORMAP grants. The only boundary left is where resource lands border both sides of those county boundaries. We are working with DOR to agree on a boundary for those counties since they are DOR maintenance counties.
